ALL SORTS.

G. R. Bradley is confined to his house with asthma.

Don't forget that taxes will be delinquent December 31st next.

It is now said that the supposed eruption of Mt. Rainier is nothing more than Indian fires.

Wm. T. Chasner will succeed W. V. Watson as assistant Assayer at the mint.

On Monday last John Redding was killed at Pine Grove by a cave in a mine.

Chas. Gabriel of Virginia will succeed J. T. Jones as assistant Melter and Refiner at the Mint.

The Japanese don't want any of Uncle Sam's interference with the present war. China must hoist the white flag and keep it hoisted.

Philip Krall, teacher of piano, is ready to receive pupils. For information apply to E. J. Steinmetz or Mrs. McQuatters.

The death of Rubinstein removes from the world a great composer and pianist. Some insist that he was greater than Liszt, but the Liszt school denies this. Neither of the two ever performed in Carson at a dollar a head.

Geo. I. Lamy has just started his violin class for the fall term. If you want to study that king of all instruments under the most rapid system known, consult that popular young orchestra leader and teacher.

In the case of the strikers now on trial in San Francisco their attorney proposes to subpoena President Cleveland to the witness stand. It is proposed to prove by the distinguished witness that he was really the party who obstructed the mails and not the strikers.

M. H. De Young is still in New York purchasing relics of Napoleon. He bought the royal bedstead, but the crockery he refused because one piece was minus the handle. In buying old relics De Young always wants the best and will accept no fractured ware. This is the true principle and Mr. De Young never deviates from it.

Churchill County Officers.

J. M. Sanford, Treasurer of Churchill county, gives the following list of officers elected in his county the late election: State Senator, Charles Kaiser; Assemblymen, Lem Allen; Sheriff and Assessor, James A. Donaldson; County Clerk and Treasurer, J. W. Ferguson; Recorder, W. E. Dalton; District Attorney, I. H. Kent; Commissioner (long term), W. D. Epperson; Commissioner (short term), J. E. Ferguson.

A Mistake Corrected.

ED. JOURNAL.—I find that your printers last night made a mistake in setting my article on V. & T. Railroad assessment. I wrote that the aggregate assessment of that company had been reduced \$70,875, and not that it had been reduced to \$70,875. Please correct.

H. H. BAKER.

County Officers-Elect.

The several county officers-elect of Washoe county have received certificates of election from the County Clerk. Sheriff Coughlin was elected his own successor, as was also Treasurer Boyd. The People's party elected two members of the Legislature, Clerk, Treasurer, Recorder and Surveyor, and the Republicans elected three members of the Legislature, Sheriff, Assessor, District Attorney and two Commissioners.

Chairman Taubeneck of the national committee of the People's party has come out flatfooted for a campaign in '96 on the sole issue of the money question. This is directly in line with the policy of the Silver party of Nevada and proves conclusively the wisdom of the leaders of the Silver party in the late campaign.

The "Nevada plan" has proved a success and because it has the People's party intends to adopt it in the next battle and fight the old parties on the only question that is to day a national question.

ADVICE TO MOTHERS.—Mrs. Winslow's Sarsaparilla should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. 25 cents a bottle.

G. T. Davis' Estate.

George T. Davis the grocer of this city who died recently left an estate valued at \$30,000, but to will.

He made his money in this city. He was a very careful business man lived very economically and put his money in safe investments.

The California Safe Deposit and Trust Company has petitioned the Superior Court of San Francisco at the request of the family of George T. Davis for letters of administration on his estate. The estate consists of \$41,223 in various banks, \$16,000 worth of 4 per cent bonds of the Spring Valley Water Company, \$10,000 worth of the six per cent bonds of the same company, \$1900 worth of California Insurance Company stock, \$26,000 worth of the stock of the Bank of California, \$87,000 worth of Spring Valley Water stock, \$53,000 worth of San Francisco Gas Company stock, \$30,000 worth of Oakland Gaslight Company stock, 180 shares of Fireman's Fund Insurance Company stock, valued at \$28,000; four shares of German Savings Bank stock, valued at \$6800; \$5000 worth of Oakland Gaslight and Heat Company's bonds; also real estate in San Jose worth \$2500.

It is believed that Davis died intestate. His heirs are his widow and five children.

Strangles Demimondes.

Denver has a criminal sensation that bids fair to equal the terrible Whitechapel, London, England, tragedies of a few years ago. Like the Whitechapel horrors, the victims are the demimonde, but in place of hacking and mutilating the bodies of the victims as was the case with the London fiend, the Denver wretch resorts to strangulation. No less than three of the demimonde of Market street have met their death in this manner during the last ten weeks and the police can find no clue to the perpetrator of the deed. The women of this class in Denver are in a fever of hysterical terror, not knowing whose turn will be next.

Who Can Explain?

Groceries are lower in Virginia City than here, and so are ladies dress goods. A good many of our citizens make weekly pilgrimages to Virginia City to purchase groceries and dress goods, claiming that, they a good deal more than save the expenses of the trip.

But another queer thing is that Comstockers come down here to purchase clothes, alleging that they can get them a good deal cheaper than on the Comstock. Carson is nearer San Francisco than Virginia City and freight ought to be landed here cheaper. If clothes can be sold here cheaper than at Virginia City, why not groceries and dress goods?

Little's Big Lynx.

Yesterday morning John Little, the rancher who lives near the flume, caught a thirty pound lynx in a steel trap. The animal was full of fight when found and spitting fire like a Roman candle at a silver ratification meeting. He was finally tied up in such a way that he could not move and placed in a box. Mr. Little then sold him to some Chinamen for \$2. This is the regular price for a lynx and they insist on having it delivered alive. They make a special feast over a lynx and the time is marked by a great deal of heavy drinking and jollification.

Clear Water.

A correspondent wants to know what hydroxyl monohydride—the stuff that Mr. Furlong swallowed—is when put into plain English. It means clear water as we supposed every subscriber of the APPEAL knew.

Mr. Furlong is now considerably better, and as soon as the inner lining of his stomach recovers from the shock he will be all right.

Poujade's Weather Report.

Lieutenant Governor Poujade, who has reached the city from the eastern part of the State, says the snow-storm out that way on the 6th was particularly severe. It commenced raining about 9 o'clock and continued until 6. The snow was particularly deep along the Humboldt, and there was a right smart flurry of "the beautiful" in Lincoln county.

A Great Event.

The coming of the Virginia Minstrels next Monday evening is looked forward to with keen anticipation by our theatre goers. They are very cultured and entertaining and will appear under the auspices of St. Peters Guild.

Turkey Shoot and Thanks-giving Ball.

The gubernatorial proclamation that Thanksgiving will be a day of thanksgiving and giving up this year does not complete the idea without the announcement that Admirable Wiggins of Empire will have a turkey shooting and masquerade ball on Thanksgiving. The turkeys will be fat and juicy and stand still to be shot at, and the ball will be up to the usual standard of those festive events in Empire. There will be chicken shooting with shot guns and all kinds of true red old Thanksgiving sports with hilarity in the evening that makes life worth living in the resort town.

Minstrel Show.

Some of Virginia City's most talented young people will repeat in the Carson Opera House, the evening of Monday, Nov. 26th, their minstrel performance which was given recently in their city. All who were present at the entertainment pronounce it a decided success, and equal to a professional performance of the kind. Show your appreciation of Nevada's talent by giving the young people a full house. Reserved tickets, for the first two rows in the gallery and the chairs down stairs for sale at Steinmetz's Drug Store for 75 cents. All other seats 50 cents.

The people of Carson and vicinity that want furniture repaired should try Mr. Meyers a first class upholsterer who will make your mattresses and lounges over as good as new. This mechanic will stop in Carson if the people will only give him a chance to prove himself worthy. Geo. W. Kitzmeyer has tendered him his workshop and will guarantee that his work will be good and charges satisfactory. Persons who have tried the so called upholsters who are not responsible for their work, will find a big difference in their favor if they trust their upholstering to this man. Call at the store of Geo. W. Kitzmeyer. 1w

Fall and Winter Clothing.

John Henderson representing the firm of Wanamaker & Brown of Philadelphia, Pa., will be at the Arlington House Nov. 23, 24, and 25 with a full line of samples of clothing and furnishing goods. Do not fail to call and examine goods. Prices are much lower than ever before. s20

Richard K. Fox has mailed the APPEAL a postal card to the effect that his \$10,000 dog collar for pugilists has been stolen. This is a matter which does not concern anybody out this way, but as an advertising dodge it has some merit.
